

Rencontres du réseau Démocratie électronique (DEL)

12 December 2013 - University Paris Est Créteil – Faculty of Economics – Keynes room

The Rencontres allow DEL members to discuss their research. Discussions during the Rencontres are based on one or several papers recently published by DEL members. Each paper is presented and discussed by another DEL member. The author is then invited to respond to the comments. Eventually, a discussion with the audience is open.
